ABOUT US

12 years of development history. Deeply engaged in the abrasive materials industry, with processing and sales of abrasive materials and polishing materials as its main business; accumulated rich manufacturing and design experience, established a company driven by quality and innovation. The company's corporate culture is committed to applying advanced manufacturing technology and strict quality control standards to every product.

The company's main products:

Grinding and polishing materials, nylon wheels, drawing wheels, non-woven fabrics, non-woven grinding brush sticks, flying wing wheels, grinding wheels, hemp wheels, cloth wheels, wind wheels, polishing wax, abrasive cloth, abrasive belts, microfiber, hardware Series of products, import and export business.

GRINDING WHEEL

Flat Hemp Wheel

Description:

Uses: 1. suitable for polishing and treatment of various metal surfaces, such as stainless steel, titanium alloy, copper, aluminum and other roughing step treatment.

Features: Particularly strong cutting force, high efficiency, suitable for hard metals such as stainless steel and high temperature resistant plane polishing

Material: Sisal wheel

Inner diameter of iron claw :
3"-9"(50mm-230mm)

[Contact Us](#)

Grinding Flat Hemp Wheel

Description:

Suitable for polishing and treatment of various metal surfaces, such as stainless steel, titanium alloy, copper, aluminum, etc

Features: Particularly strong cutting force, high efficiency, suitable for hard metals such as stainless steel and high temperature resistant plane polishing

Material: Sisal wheel

Inner diameter of iron claw :
3"-9" (50mm-230mm)
